3. Click on 'I'm a Student'.

4. Select 'Scan Code'.

You will need to have the class 'QR Code' ready to scan.

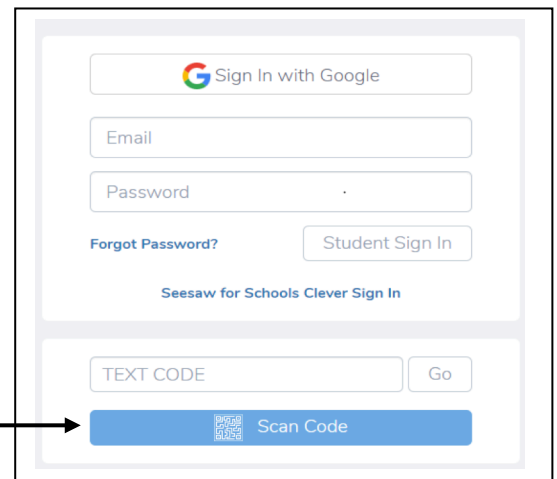

A QR

Code will look something

like this:

(this is just an example code)

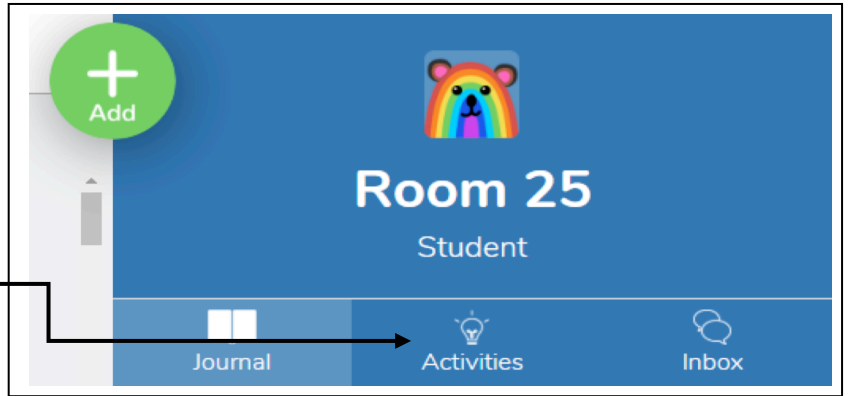

If your child does not have the class code, you will need to email your child's teacher to send you the code via email.

5. The class account will open.

# How to Access Activities.

To access activities set by the teacher, follow these instructions.

1. Once you are logged into the class account. Click on '**Activities**' found on the right-hand side of the screen.

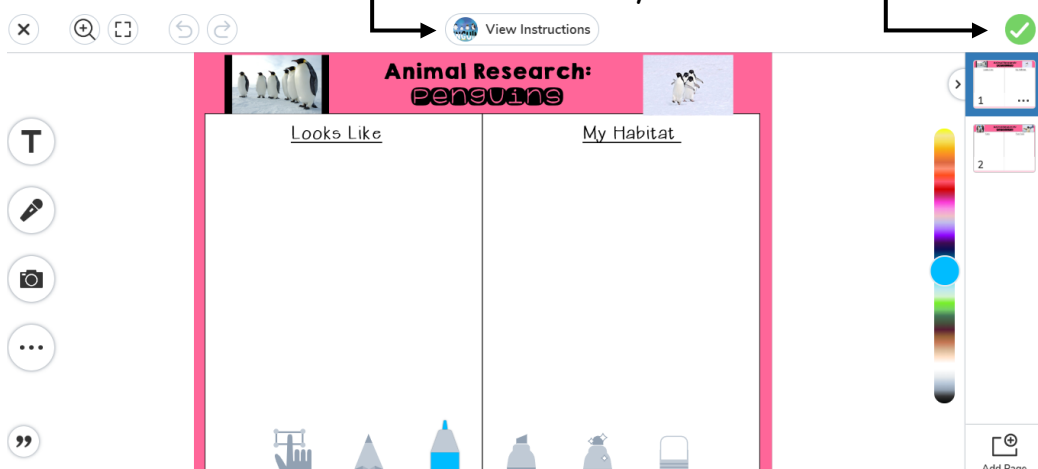

2. Students scroll for the activity they would like to complete. Once they've chosen an activity they click on the '**add response**' in green.

3. Click on your child's name then they will be able to edit the activity.

They can view instructions again

Click the green tick once they are happy with what they've done.

4. The teacher will need approve the work first before it shows up in their journal.
